

# Vorlesung und Seminar

## Technische Chemie und Biotechnologie

Lecture and Seminar

## Chemical Engineering and Biotechnology

**Sommersemester 2019**

Prof. Rainer Haag and Beate Koksch

Please register via SAP or send an E-Mail to: [Wiebke.Fischer@fu-berlin.de](mailto:Wiebke.Fischer@fu-berlin.de)

### Dates and Program

12.04. Introduction to Chemical Engineering (BK and RH jointly)

03.05. Kerry Gilmore: Flow-Chemistry

10.05. Beate Koksch: Reaction Techniques

17.05. Rainer Haag: Separation Techniques

31.05. Beate Koksch/Rainer Haag: Chemical Processes

07.06. Beate Koksch: Biotechnological Processes

14.06. Rainer Haag: Polymerization Processes

05.07. (Possible Excursion to an Industrial Production Site)

The course will be evaluated based on student presentations.

The topics will be provided at the first lecture.

**2-4 p.m. in SR 31.08**
